Re: Request to Amend Radioactive Materials  
License No. 950-0139

Dear Mr. Kasyk:

Umetco Minerals Corporation ("Umetco") hereby requests that the New York State Department of Labor (the "Department") give its consent to the transfer of Radioactive Materials License No. 950-0139 (the "License") from Union Carbide to Umetco by amending the License to name Umetco as the licensee.

Union Carbide is in the process of reorganizing its metals business and has transferred ownership and control of its Niagara Falls, New York Facility, at which the material subject to the above-referenced License is authorized to be used, to Umetco. Umetco, a Delaware corporation is a wholly-owned subsidiary of Union Carbide authorized to do business in the State of New York and having its principal place of business at Old Ridgebury Road, Danbury, Connecticut 06817.

Umetco further requests that the Department continue to waive the financial security requirements as permitted pursuant to 12 NYCRR 38.7 (c).

By separate letter, Umetco is requesting that the License be amended to name Mr. R. J. Klotzbach as Radiation Safety Officer. With the exception of this change and the change in identity of the owner of the radioactive material subject to the License, Umetco and Union Carbide stipulate that no other term or condition specified in the License shall change as a result of the transfer to Umetco. The same material shall be used as authorized under the current License.

Upon approval of the License amendment, please send notice of the approval to Mr. Robert J. Klotzbach, Director, Technology, Umetco Minerals Corporation, P. O. Box 579, 4625 Royal Avenue, Niagara Falls, New York 14302. If you need additional infor-
